

# Public Enemy Lyrics

## "Can't Hold Us Back"

(feat. Dead Prez, KAM, Paris, Professor Griff)

*[Intro: Revolutionary]*

Today we are together, we are unified and on runnin' cower  
When we are together we got power  
That is why we gathered today, celebratin' our own....

*[Chuck D]*

We spit flows on foes  
Listen to the message that you never know  
Got a plan for the man and it's federal  
The rhyme animal, back to play the part again  
Clear the madness, and put the message in  
D, the Enemy is back to rip the mic  
We come together, so don't believe the hype  
Check my tone, there's a war here at home  
We united and strong, and never move alone

*[Paris]*

We rep justice, equality and freedom now  
Put fam first, man, woman and child  
Never mild, keep it hostile 'til we raise  
Where we say, what we mean and we mean what we say  
It's been a long time comin' that we mob as one  
Guerrilla Funk, Hard Truth nigga, that's what's up  
No peace on the street 'til the justice come  
From the ballot to the bullet, if it's on, it's on

*[Chorus: Paris]*

I ain't lettin' nothin' hold me back or block me  
They gon' have to pop me to stop me  
See, I ain't lettin' nothin' hold me back or block me  
They gon' have to pop me to stop me  
Believe, I ain't lettin' nothin' hold me back or block me  
They gon' have to pop me to stop me  
My brother, I ain't lettin' nothin' hold me back or block me  
They gon' have to pop me to stop me  
That's real talk on the one

*[Professor Griff]*

Yo, yo, yo, yo, I'm a target, I got proof  
My buildin' got an 'X' on it  
Bloomberg threw the hex on it  
It's like a pistol with effects on it  
On a nigga with arrest warrants  
Hittin' pigs in their chests Quadrant where they vest wasn't  
Now he dead cousin  
All you snitches hit the red buttons, we some Uncle-Tom killers

Mini-nina concealers, political cap-peelers for this freedom for rilla

*[Dead Prez]*

Yo, if police stop the whip you got to eat them trees  
I ain't got no 'G' to give it to them crackers and court fees  
You know my steez, security first, prepare for the worst  
Never caught slippin' if you stay on alert  
Malcolm X said send them to the cemetery if they touch you  
A revolutionary virtue, a dull blade'll hurt you  
I'm up early workin' my machete  
In war, it ain't no warning, you just got to be ready

*[Chorus: Dead Prez w/ Minor Variations]*

I ain't lettin' nothin' hold me back or block me  
They gon' have to pop me to stop me  
My nigga, I ain't lettin' nothin' hold me back or block me  
They gon' have to pop me to stop me  
My nigga, I ain't lettin' nothin' hold me back or block me  
They gon' have to pop me to stop me  
You see, I ain't lettin' nothin' hold me back or block me  
They gon' have to pop me to stop me, yeah, uha

*[KAM]*

Yeah, my nigga it's bigger than rap  
You really think you gon' be left alone  
On sayin' that you believe and ain't gon' have to get your scrap on?  
Then yap on, and will see if that's the right route  
While I get my clap on and turn niggas' lights out  
I tried to be nice, now we gon' have to bleed them  
I'm willin' to do a killin' for the price of freedom "that's right"  
Comin' from the left, nigga, hood is how we kept it "right"  
So prison or death is just somethin' I done accepted  
So we'll murder a snake, and we'll kill a skunk "that's right"  
This ain't the word of a fake, it's Guerrilla Funk  
So right now is the time and you turf the location  
Y'all about to see the Rebirth Of a Nation  
Even if some got de-rebelized  
The revolution still will not be televised  
U.S. Government tellin' hell of lies  
And it's evident, when you look in this president's devil eyes

*[Chorus: KAM w/ Minor Variations]*

I ain't lettin' nothin' hold me back or block me  
They gon' have to pop me to stop me  
Yeah, I ain't lettin' nothin' hold me back or block me  
They gon' have to pop me to stop me  
No homie, I ain't lettin' nothin' hold me back or block me  
They gon' have to pop me to stop me  
My brother, I ain't lettin' nothin' hold me back or block me  
They gon' have to pop me to stop me

*[Paris]*

That's real talk on the one

*[Outro: Revolutionary]*

That is why, I challenged you now  
To stand together, raise your fists together  
And engage in our national black messiness  
Do it courage and determination..  
I AM, "I AM" - SOMEBODY "SOMEBODY"  
I AM, "I AM" - SOMEBODY "SOMEBODY"  
I LIVE IN POOR "I LIVE IN POOR"  
BUT I AM, "BUT I AM" SOMEBODY "SOMEBODY"  
I NEED YOUR WELFARE "I NEED YOUR WELFARE"  
BUT I AM, "I AM" SOMEBODY "SOMEBODY"  
I'm MAYBE YOUR SEAL "I'M MAYBE YOUR SEAL"  
BUT I AM, "BUT I AM" SOMEBODY "SOMEBODY"  
I AM "I AM" BLACK "BLACK" BEAUTIFUL "BEAUTIFUL" RAW "RAW"  
I MUST BE EFFECTIVE "I MUST BE EFFECTIVE"  
I MUST BE PROTECTED " I MUST BE PROTECTED"  
WHAT TIME IS IT? "UNIFICATION"  
WHEN WE STAND TOGETHER, WHAT TIME IS IT?  
WHEN WE SAY NO MORE ?? WHAT TIME IS IT?  
WHAT TIME IS IT?  
WHAT TIME IS IT?

*[A Great Round Of Applause]*
